

Criteria for the Provision of an Occupant Propelled Manual Wheelchair (OC)

Version 23.7.2014

Patients must meet all the following criteria to be eligible for the provision of an Occupant Propelled Manual Wheelchair:

- 1) Are permanently restricted in their mobility.
- 2) Exhibit no clinical contraindications to self-propulsion. (Examples include cardio-respiratory insufficiency).
- 3) Have access to an environment which is compatible with the proposed use of the wheelchair.
